This shows the danger of trusting to an old edition of the Directory.
It is cheaper to buy a new edition than take chances.**YOU SHOULD BE LISTED**Under every heading of the Classified Section of the Directory, where
people might look for you.Your name being in bold type under those headings not only gives you
an advantage over competitors not so described, but protects other

working 365 days in the year, that no live concern can afford to
overlook it.

INTRODUCTION

In presenting The R. L. Polk Directory Co's 1917 Directory of Colorado Springs and Manitou, the publishers have used every effort to make this Edition as up-to-date as it is possible to make a Directory.

CONTENTS

The information embraced in the Directory is of a most complete and varied character. It contains a list of the citizens, alphabetically arranged, telling their business, location of business and residence. It gives the style of the firms and of the individual partners. It contains a Classified Business Directory, "The Buyers Guide," exclusively devoted to commercial and professional life and listing under proper classifications names of those engaged in professions and in every line of commercial, financial and manufacturing enterprises. By referring to the Miscellaneous Information you may inform yourself of the development along the lines of religion, education and benevolent, social and secret organizations, for in this department, churches, public and private schools, libraries, clubs, societies, fraternal, labor and benevolent orders are recorded. The condition of every department of the city and county government, banks, public and private institutions, commercial bodies, courts, public buildings, hospitals, parks, postoffice statistics, and much other valuable information can be found. The Directory also gives a Street and Householders' Guide, corrected to the latest possible date.

The up-to-date business houses will be found represented in the advertising departments of the Directory, for business men appreciate the fact the Directory represents the city and its business interests both to the stranger within the gates and the people of the many other cities to which it goes—as no other publication does or can.

The publishers beg to extend their thanks for the courtesies that have been shown their representatives and for the liberal patronage bestowed upon the work.

AN ADVERTISING MEDIUM

THAT IS READ, RE-READ, LOANED, WORN OUT, BUT NEVER THROWN AWAY—THE CITY DIRECTORY

GAZETTE

75 CENTS PER MONTH

Has Only Seven-Day Newspaper in Central Colorado. Has the Only Sunday Issue in Colorado Springs.

The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

DIRECTORY LIBRARIES

Every Polk office has a Library of Directories of various cities. These are maintained for the convenience of our patrons, and they are constantly supplying information of many different kinds to people who come to use them. City Directories are City Catalogs. They contain a list of everybody and everything within a city. Many of the more progressive concerns buy directories of various cities as they are issued for mailing list purposes.
